

R 8027 C

HEATER

Product data sheet

Product range	Portable heaters
Product line	Double glas burner
Brand name	Qlima
Model name	R 8027 C
Colour	Stainless-steel
EAN code	8713508768472

Technical specifications

Burner type	Double glas combustion	
Capacity	kW	2.70
Suitable space	m ²	18 - 38
	m ³	45 - 95
Fuel consumption	ltr/hr	0.281
	g/hr	225
Tank capacity	ltr	4.2
Burning time tank	hr	15.0
Battery type (batteries not included)	"C" size x 4	
Dimensions (w x d x h) *	mm	455 x 295 x 460
Weight	kg	8.7
Guarantee **	years	4

* including base plate

** except ignition coil, manual fuel pump, glass cylinder(s) and wick

Accessories

R 8027 C HEATER

CO₂ sensor

Features

CO₂ sensor: This heater is equipped with a CO₂ sensor. The heater will be switched off when the room is not ventilated sufficiently.

Removable fuel tank

Double glas combustion: This heater is equipped with a double glas combustion burner. The first fuel combustion occurs in at 750°C. The second fuel combustion occurs at approx. 1150 °C. This results in a clean combustion without condensation at an efficiency of nearly 100%.

Automatic tip-over switch

No installation: This heater can be installed without wires and without exhaust pipes. This makes it a very convenient heating source.

High efficiency: This heater has a 99.99% heat efficiency with infrared radiation heating.

Wick-stop: The wick stop mechanism of this heater limits the flame height adjustment. This ensures a clean combustion.

Safety stop

Automatic tip-over switch: The heater will be shut off automatically when the heater is knocked over.

Safe top: This heater is equipped with a safe top. The temperature of the top plate is kept relatively low for improved safety.

Safe top

Safety stop: This heater is equipped with a shut-off safety switch. By pressing this switch the heater will be shut off immediately.

Safety system: This heater is equipped with a safety system which will shut off the heater in the event that the fuel tank has been removed.

Easy touch screw cap

Room temperature thermistor: This heater automatically shuts off when the room temperature becomes too high, to avoid the risk of a lack of oxygen.

Battery cover: This heater is equipped with a cover for the batteries.

Fuel filter: Protects the burner system.
