BGHX145 GAS HEATERS

Oxygen depletion safety system

Easily movable

Fast piezoelectric ignitor

Features

Piezoelectric ignitor:

With the pieze ignition the heater can be ignited easily.

Instant heating:

No waiting for the heat to build up over hours, just turn the knob and you have instant radiated heat to warm your hands, feet and body.

Highly flexible, light in weight:

This heater is very light weighted and flexible in use. Due to its size also very easy to store.

Efficient and quiet:

This Qlima gas heater is efficient and quiet as no fans are required to distribute the heat and a significant part of the output is Infra Red which immediately heats up your body.

Oxygen depletion sensor (ODS):

The gas heaters are equipped with oxygen depletion sensor (ODS). If the oxygen level decreases then this activates the sensor and the gas flow is stopped, avoiding(potential) dangerous situation.

Design:

The Qlima gas heater is part of an pragmatic designed range of Qlima products.

Full colour box:

The unit is delivered completely with all auxiliary parts in a full coloured box showing applications and operation information in several languages.
